WHOLE NUMBER 1110

NEW 50c REGULAR FOR CANADA

Variety Of The Full Face Harding?

Sometimes we believe that the new collectors, the beginners, get much more excited over studying their stamps than do a lot of older collectors. Often the older and more experienced collector limits his study of stamps to looking for known varieties whereas the new collector or beginner gets the habit of scanning so many of the common stamps of today with his magnifying glass that he frequently turns up something that needs an explanation.

Such seems to be the case with Robert Lockwood of Buffalo, N. Y. He sends us a copy of Scott Number 684 which we illustrate herewith and call your attention to what appears to be a change in the Die. We say appears to be a change in the Die simply because from the appearance of this variety, it does not seem possible that it can come from any other cause unless perhaps a worn plate. However if a worn plate, we would believe that the wear would show up different than in this instance.

Note just below the top outer line at the top center of this stamp and you can see that the line which ordinarily connects the two larger corner triangles is broken for a space of almost two mm. above the letter T of STATES. The tips of the corner triangles taper off to a distinct point on each side and it is difficult to understand how this could be a worn plate or caused from lack of ink in the plate, either of which solutions might be the answer.

We would urge collectors having a quantity of this stamp to scan them carefully and see if others are found. We would be particularly interested to know if found in blocks or pairs with the line complete as shown in the catalogued stamp. If found we would be glad to hear from you.

CANADA'S NEW 50c REGULAR POSTAGE STAMP which will have its first day of issue on March 1, will have a design which is intended as a tribute to Canada's oil industry. It depicts derricks and drilling activity in the Province of Alberta. First day covers will be serviced from Ottawa, while the stamp itself will be available at face value from the Canadian Philatelic Agency at Ottawa. Color of the stamp will be green.

Israel UPU Set Pictures Globe, Stag; Chile's Four UPU Commems Released; Costa Rica FD Jan. 11

A preview of the design which Israel will use for its two stamps to honor the 75th anniversary of the Universal Postal Union has led a number of collectors to believe that it will be among those considered very attractive.

While the exact first day of issue has not been announced, the Post Office Department of Israel has indicated that it will be near the end of February.

Colors and denominations of the issue are a 40 prutah dark violet and an 80 prutah carmine.

Designed by O. Wallish of Tel Aviv, Israel, the stamps feature a running stag (the insignia of the Post Office Department of Israel). Pictured in the background is a globe with the state of Israel centered in it.

A Hebrew inscription located on the right side of the stamp reads, "Member of the Universal Postal Union."

Printing will be by the photolithography process. Stamps will bear a 11½ perforation.

An official cacheted first day cover will be prepared for collectors by the Israel Philatelic Services of the Post Office Department. Cancellations can be obtained on the first day from Jerusalem, Tel Aviv or Haifa.

Inquiries about the stamps or the covers should be directed to the Philatelic Services, Post Office Department, State of Israel, 250 W. 57th St., New York 19, N. Y.

Chile's set of four stamps for the Universal Postal Union anniversary made their appearance in the United States a few days ago.

Two of them for regular postage carry the portrait of German Postmaster General Heinrich von Stephan, founder of the UPU. De-

nominations and colors are 60c brown red and \$2.50 dark blue.

A four motored plane in flight and a globe on which can be seen the continents of North and South America form the bulk of the design of the airmails. The stamps are a \$5 green and a \$10 dark brown.

First day of issue of the two stamps for regular postage and the single airmail stamp which comprised Costa Rica's set for the UPU commemoration occurred on January 11.

India Becomes An Independent Republic

On January 26, India shed its British Dominion status and became a full fledged self governing independent republic on its own.

India's 178 year long dream of independence became a reality at a memorable ceremony in Durban Hall, New Delhi's Government House.

It has been that many years since the British took over the government of this sub-Asian continent and had required allegiance to the British King who for many years bore in his official title "Emperor of India."

While India exists as an independent country, it will continue to maintain its place in the British Commonwealth of Nations, and share the preferences and the advantages of participation in the combine.

India, with Pakistan, had joined the Commonwealth on August 15, 1947 as independent Dominions.

Pakistan will continue under a Dominion status.

President of the new republic is 64 year old Rajendra Prasad a veteran disciple of the late Mahatma Gandhi.

Prime minister of the new government will be Jawaharlal Nehru.

Issued In Tribute To The Canadian Oil Industry; First Day March 1; Ottawa Will Service FD Covers

Canada on March 1 is going to honor one of its major industries with the release of a new "commemorative size" 50c stamp bearing a scene that typifies the development of oil in the Province of Alberta. According to the official bulletin of the Canadian Post Office Department which announced the stamp, "The stamp is issued to recognize the significance to the national economy of Canada of the development of natural oil."

It will replace the current 50c denomination which was issued in 1946 as part of the regular series depicting "the return to peaceful pursuits following the Allied Victory," and considered in some places as the Canadian Victory issue. The current 50c stamp depicts a lumbering scene in British Columbia.

The new stamp green in color shows an Alberta oil field scene with two large oil derricks jutting into the sky, two large oil storage tanks and a burning natural gas flare.

In the background against the rolling foothills of the Canadian Rockies, a dark spume of oil and smoke heralds the birth of a new well.

While the stamp will be placed on sale at the principal Canadian post offices on March 1, official first day service will only be given collectors at Ottawa.

Instructions for the obtaining of the first day cover service outlined by the Canadian POD is as follows:

All patrons who desire to have First Day Covers with the new postage stamp cancelled on the date of issue are required to forward their self-addressed covers to the Postmaster, Ottawa, Ontario, Canada, prior to the date of issue.

All covers must contain fillers, or stuffers, and must be sealed or have the flaps turned in. Covers must not be folded when forwarding them through the mails to Ottawa.

The outside wrappers containing the prepared covers are to be prominently marked, "FIRST DAY OF ISSUE."

Orders for first day cover service must not include orders for mint stamps. Remarks or inquiries not relating directly to the order for First Day Covers should be written on a separate piece of paper.

All first day covers are normally returned by ordinary mail unless the patron requests other methods of dispatch.

In view of the high denomination of the new stamp, the first day cover fee which has been charged collectors with the past several issues will be waived in this instance.

Remittances are to be made payable to the Receiver General of Canada, and should be in the exact amount required for the payment of the postage stamps and the postal service desired.

For residents of the United States, the Canadian Post Office Department pointed out that payment can be made by certified check, bank drafts, money orders and currency. If currency is sent, the letter should be registered.

United States postal notes are not negotiable in Canada.

Collectors wanting selected copies of the new stamp at face value

should order these from the Philatelic Section Post Office Department, Ottawa, Canada. Payment for these and other Canadian stamps on sale at the Agency can be made in the same manner as for the first day covers.

Residents of the United States and Canada will not have to include an additional sum for postage and registration since the Canadian Post Office Department assumes these charges.

In order to get a plate block of the new 50c stamp, purchasers must buy a minimum of ten stamps and request the plate block in their orders.

The new stamps will also be overprinted with the letters "O. H. M. S." (On His Majesty's Service) for official use.

Also announced as being overprinted with the O. H. M. S. is the 10c Special Delivery stamp of 1946. It too is available with the overprint from the Philatelic Agency.

The 1949 King George VI issue postage stamps printed from plates of the unrevised design, being sold were printed from plates 1 and 2 for each denomination. In addition to the 1-cent to 5-cent postage stamps, inclusive, of this design available in sheets, there are 1-cent and 3-cent and 1-cent precancelled postage stamps of this design available in rolls.

No postage stamp books will be printed for this issue from the unrevised design.

Postage stamp books and roll stamps will be printed for the King George VI, 1949 issue, from the revised design plates but they will not be available before May, 1950.

BRITISH EMPIRE CHATTER

By HENRY M. FRIEDMAN

Box 21, Planetarium Sta.

New York 24, N. Y.

SEYCHELLES. This colony issued their first stamps in 1890. Prior to date, Seychelles was a dependency of and used the stamps of Mauritius with the cancellation B64 which identified use in Seychelles. A real collection of Seychelles requires some Mauritius stamps cancelled B64 and due to scarcity, prices of used Mauritius stamps with this cancellation are many times the catalogue value.

Cover with block of Mauritius stamps, cancelled B.64 denoting use in Seychelles. Cover is back stamped—Seychelles July 6th 1870.

Covers with these B64 stamps are exceedingly rare.

The writer has a collection of Seychelles, that is supposed to be the finest in existence, having received many awards and even one of the plates at the Centenary exhibition.

For many years I searched all over the world for a B64 on cover, and finally obtained such a cover when offered at auction in New York. With the exception of one cover sold at auction in London in 1948, I have never seen or heard of another such cover.

Recently, the postman brought me a letter from a prominent dealer, enclosing the cover shown herewith. I bought it at his price. From the picture you will note a fine block of four cancelled B64.

These are the 9 pence value, Scott's No. 29, priced at \$3.00 used.

Of all the Mauritius stamps cancelled B64, this is probably the scarcest and is priced in a specialized London catalogue at 0 Pounds for a single copy off cover. Here is a block of four ON COVER.

Try and figure the value of this cover, which is probably the only one in existence with a block of this stamp.

It may even be the only cover with a block of four of any Mauritius stamp with the B64 cancellation.

BURMA. The UPU set of Burma is probably the scarcest of the British Empire sets of UPU and wholesale dealers are asking more for same than the current retail prices.

ST. LUCIA. In the January 23 issue this column showed a 1st Air Mail cover loaned by the Elea Stamp Company of 22 Beaver Street, New York, who are wholesale stamp dealers. In view of the many requests for price of this cover (if for sale), the Elea Stamp Company have decided to sell same to the highest bidder up to March 8, 1950.

If you desire to own this cover, send in a bid—you may be high.

STRAITS SETTLEMENTS. Scotts has just increased the price of the semi-postal set, B1-2 from 60c to \$1.00. This set is getting quite scarce.

NEW ZEALAND. The New Zealand 1949 Health stamp with the error on the 2d plus 1d is quoted by dealers at from \$1.50 to \$2.00 for a block of four from the upper left corner. The error without the dot under the D is the second stamp on the upper left corner of the sheet.

Gompers Stamp Designed By McCloskey

Designer of the Samuel Gompers stamp which had its first day at Washington, D. C. on January 27 was Victor S. McCloskey, Jr. For his model, he used a picture of Gompers supplied by the Post Office Department.

The portrait and frame was engraved by Charles A. Brooks, while Axel W. Christensen engraved the lettering and numerals.

Broken "P" Variety On Ecuador UPU Stamp

First report of a variety on the UPU issue of Ecuador has been made by William A. Schenk, 613 W. Oakland Ave., Bloomington, Ill.

It occurs on the 20c value.

P.
Collectors will remember that Ecuador's UPU set of seven stamps was made by overprinting current commems with a legend noting the anniversary and surcharging each stamp with a new value.

It is in the legend where the variety occurs. The "P" of U.P.U. has a section of the stem removed starting just beneath the loop and extending to the base of the letter. At the bottom, just the serifed part of the "P" remains.

It is definitely a broken letter for the imprint of the "P" does not show through on the back of the stamp as the other letters and figures do.

Radio Commem. Soon From Denmark

Denmark is going to recognize the 25th anniversary of the Danish Radio in April with a commemorative stamp. What the color or denomination will be was not announced.

Also from Denmark will come the eighth denomination in the regular postage series which bears a portrait of King Frederick IX in the design.

It is to have a first day on February 18.

Color will be a red violet and the value 75 ore.

According to Eric Wövern of Charlottenlund, Denmark two new stamps for the postal ferry have been reported. These are a 50 ore gray and a 1Kr brown.

The stamps are made by overprinting the word POSTFAERGE on the current issue for regular postage.

Approximately two months ago, there appeared two postal ferry stamps, a 30 ore orange and a 40 ore blue.

Slogan Cancellation For D. C. Celebration

Whether there will be a set of stamps to mark the sesquicentennial of the establishment of the Federal Government in Washington, D. C. or not this year, there will at least be a slogan cancellation marking the event.

It reads, "NATIONAL CAPITAL SESQUICENTENNIAL 1800 1950."

Collectors wanting an impression of it must prepare their covers with their names and addresses as well as three cents worth of stamps for postage.

These prepared covers should then be sent to the Postmaster, Washington, D. C. with the request that the slogan cancellation be applied.

BUY NOW — GERMANY!

Very soon it will be too late. For the weeks past, every newspaper reported that with improving money conditions in Europe, stamp prices were not only steady, but slowly rising. But through our connections overseas we negotiated a big lot of German sets at prices varying between 40% and 60% below catalogue, so that we can offer them to our customers at the cheapest level, probably never attained again. Remember, some Semi-Postal sets, as the Coat of Arms, have been higher in 1937 than today. All Mint except U.

Buying At Auction

Buying at auction is one of the most satisfactory and economical ways of adding to your collection. In effect it permits you to see the stock of a great many dealers simply by glancing through their auction catalogues. Many of the auctions printed in our columns

GEO. W. LINN

will offer you a great many choice stamps that you have doubtlessly been looking for so do not fail to scan these advertisements. It is a simple matter if you know what you want. These sales are mostly arranged in alphabetical order so that if you have some wants in Grenada, Malta, Norway, Russia or other countries, it takes but a few minutes to check and see if they are being offered. Bidding is then a simple and easy matter and you merely sit and wait till the sale is over to learn if you were successful. One of the first things to do when planning to buy at auction is to carefully read and if necessary study the printed terms of the sale, with particular attention to the description symbols and information as to the condition and quality of the stamps. Because you may have read such terms in some auction catalogs, do not jump in and bid on any sale without studying these terms in relation to the sale on which you are going to bid.

For sad to relate there are so many different ways of describing stamps and listing them that you may bid with one expectation as to condition when if you had carefully read the terms and descriptions you would have known that your expectations would not match with the cataloguers descriptions even though you thought they did. A clear understanding of what you are bidding on will avoid misunderstanding between you and the dealer.

After you have studied the terms etc., then it is time to make your bids. You can do this either on a printed bid sheet which may be in the catalogue or printed in this paper for your convenience or you can use a plain blank sheet of paper. If you use plain paper merely put your name and address at the top of the sheet, then list the lots you want to bid on in a vertical row at the left side of the sheet. Following the list of lot numbers you place the highest figure you are willing to pay for the lot.

If several lots are bid on you merely rule a line down the sheet and bring down a new column of lot numbers and bids.

If unknown to the auctioneer give references which should be in the form of names of any societies you belong to with your number. If not a member of any society, then give names of dealers who have allowed you credit on sales of stamps or with whom you have done business for some time. Other than this bank references or local references are good.

On the other hand you can advise the dealer to notify you of any lots that are bought for you with the information that you will remit on receipt of invoice when he can then mail the stamps to you. Use an extra sheet of paper for any information or correspondence other than your bids as these must be handled by the dealer and any letter should be on a separate sheet of paper.

As we have said, study the terms and condition of the stamps as listed by the auction house and then put down your highest price. You will find for a very large number of stamps that you can buy them at auction for less money than you would find them priced if you walked into a dealer's store and looked through his stock books. This fact should encourage a great many people to bid at auction as it is one of the most economical ways to buy stamps. The catalogue numbers of the stamps are listed and you can check with your catalogue to see if sets are complete as offered.

The collector who is specializing in some country will often find it very desirable to buy some of the lots by countries so frequently offered in Auctions. I have at times been able to buy such lots as low as 20 cents on the dollar of catalogue and have found them very desirable buys on many occasions.

With the exception of United States issues you will find that the matter of centering is given little attention in comparison to what is demanded in U. S. stamps. When bidding on U. S. you may find it necessary to bid close to catalog or even over catalog if you are demanding the very finest condition. For many higher priced stamps which are not described as very fine or superb, you will find that prices are very reasonable.

Some couple years ago I bought a perfection copy of the \$1.00 Columbian at auction for \$26.00. But it had no gum. Had the same stamp been with full original gum it would have brought around \$45.00 or more. I think it is a smart buy to buy such stamps without gum as with the smaller investment I can have more stamps. When it comes to resale I will certainly get as much advance in percentage over cost as I would have gotten for the full gum copy and then my stamp will remain in fine condition while an awful lot of high value Columbians are developing cracks from the gum, so that unless the gum is removed from some of this material it is eventually going to disintegrate.

The principal feature to look for in your stamps is nice centering and see that there are no tears or cracks. A stamp once folded and pressed out will readily develop that crack if not handled very carefully.

One of the nicest things about collecting foreign stamps and buying them at auction is the fact that most collectors have not as yet gotten so crazy about condition and centering as with U. S. and you can have a very nice collection of foreign and enjoy it immensely without having it criticized by some of these condition and centering fanatics.

One word of advice to any collector who wants to take up a new country to collect or specialize. Watch the auction catalogues. Watch for a Lot by Country of the country you want and then buy it. You will get a remarkable start at a price which in the end will amount to less than half of what you would pay for the same stamps if picked from any dealers stock.

By careful buying, any collector can get a heap more for his stamp money if he will just be a bit particular about what he buys and how he buys it. The auction field is one that will do this for you if you really want to find something that will interest you and add to your stamp holdings.

Scouts And Scouting On The World's Stamps

by Harry D. Thorsen, Jr.

For many years I have been talking to Boy Scouts about stamp collecting and particularly about topical collecting. In every lot of stamps that boys acquire there are some subjects which appeal to them, so that there is an interesting adventure in collecting trains, bridges, birds, animals, famous people or a favorite activity.

Collecting Boy Scout stamps is fascinating because Scouting has become international and the program follows a pattern of good will and understanding between Scouts of all colors and creeds.

Eighty-two stamps have been issued by sixteen countries where Scouting is nationally recognized on postal issues as a program beneficial to the welfare of their youth. There is a hope that the United States will issue a stamp in 1950 for the 40th anniversary of Scouting in America where there are two million Boy Scouts.

During the Boer War, General Baden-Powell, the founder of Scouting for boys, was honored on two stamps of the Cape of Good Hope. These were issued while he was courageously defending the besieged town of Mafeking for 215 days. Czechoslovakia called upon the Boy Scouts to deliver official mail during 1918 while the country was being organized. Siam overprinted many issues for the benefit of Scouting in 1920. Hungary included Boy Scouts in their athletic stamps of 1925 and show a Scout bugler with a background of tents. Romania has honored Scouting with the most issues, one illustrating the "good turn" for which Scouting is famous in all parts of the world.

The Netherlands and Dutch East Indies advertised the fifth international Jamboree in 1937, while Lithuania overprinted Olympic stamps to honor their national Scout Jamboree in 1938. Turkey, Bulgaria and Liechtenstein illustrate Scouting activities, while France in 1947 printed a 5 franc value to commemorate the sixth World Jamboree.

In 1948 and 1949 the Philippines, Australia and Japan pictured Boy Scouts who had served their countries during the hardships of the last war. Nicaragua issued stamps and miniature sheets to raise money for a new stadium in 1949. The Boy Scouts are included with other sports and activities in both the regular postage stamps and the air mail stamps.

With the Scouting movement increasing in all parts of the world (except the Communist areas) as a character building program, there will undoubtedly be more Scout stamps in the years to come.

Editors Note: Mr. Thorsen is District Scout Commissioner with his headquarters in Winnetka, Ill. He is also the author of "Boy Scout Stamps of the World" and has a personal collection which contains copies of all the Scout stamps of the world. He lives at 925 Elm St., Winnetka, Ill.

HPO Service Announced For Iowa, Oklahoma Communities; First Trip Cachets Offered Cover Collectors

Oklahoma and Iowa communities will benefit from the estab-
lishment of Highway Post Office Routes to be inaugurated in the
very near future. Both routes will be covered by privately owned
and operated vehicles under contract to the Post Office Depart-
ment. The Department's announcement covering the Oklahoma
service is as follows:

"Privately owned and operated Highway Post Office Service
will be inaugurated on February 20, or shortly thereafter, between
the following points:

Muskogee to Oklahoma City.
Oklahoma City to Mangum,
Oklahoma.

In Iowa, the HPO service will
begin on or about March 1. Both
routes will originate at Des
Moines. It too will be privately
owned and operated under a con-
tract between the Post Office De-
partment and the Sedalia, Mar-
shall, Booneville Stage Lines, Inc.

The HPO service will be in-
stituted between the following
communities:

Des Moines to Muscatine, Iowa.
Des Moines to Shenandoah,
Iowa.

Special first-trip cachets will
be provided for the four routes.
Collectors desiring first-trip can-
cancellations should send their cov-
ers properly prepared, with post-
age prepaid and ready for mail-
ing, to the Postmaster at the ter-
minal cities of each route from
which first-trip cancellations are
desired.

A clear space not less than 2 1/2
inches to the left on the
address side of all covers must
be left for the application of the
cachet.

On each route the initial trip
between the first-named and last-
named city will be designated as
"Trip 1," and the initial trip in
the opposite direction as "Trip 2."

Covers for first-trip cancella-
tions should be sent under cover,
or wrapper, to the appropriate
postmaster with an accompany-
ing letter or endorsement on the
wrapper, authorizing the holding
of the covers for the first-trip and
requesting application of the cachet.

There will be no provision made
for philatelic handling of covers to
or from intermediate post of-
fices along this route, but at the
request of collectors, covers re-
ceiving cachets will be directed to
the outer terminus of the trip
where they will be back stamped
and dispatched onward to destina-
tion.

The Society of Italian Stamp
Collectors, new national philatelic
group, was organized at a meeting
in New York City recently. Its
purpose is defined as the promo-
tion of interest in the stamps of
Italy, the Italian States and Col-
onies.

Temporary officers were elected
as follows: Chairman, Tiberius de
Marinis and Secretary-Treasur-
er, Domenico Facci.

The new Society is open to all
collectors of Italian stamps. It
hopes to publish a bulletin which
will make available original ar-
ticles and translations of foreign-
language articles on Italian
stamps, and to assist in the ex-
pertization of Italian material. At
a later date, it may be possible to
set up an exchange circuit.

Articles and material for the
bulletin are now being solicited.
A February meeting will be held
at the home of Tiberius de Mar-
inis, 118 E. 73rd Street, at 8:00
p. m., Friday, February 24.

Interested persons are invited
to write to Domenico Facci, Sec-
retary, 248 W. 14th Street, New
York City.

Less Stamps Issued In 1949 Than In 1948

According to the International
Stamp News a publication con-
taining offers of current stamps
and articles of reading matter,
and distributed by the retail trade
to their customers, there were
10% less stamps issued last year
than in 1948.

A total of 3014 postage stamps
were issued in 1949 by 211 stamp
issuing government units.

Even though there were less
stamps altogether, a greater num-
ber of countries issued stamps.
This resulted from the philatelic
observance of the non-political
75th anniversary of the Univer-
sal Postal Union.

The total face value and retail
new issue prices were also lower
last year as a result of the in-
creased strength of the U. S. dollar
in international exchange.

Continents Stamps issued New iss. price
Number of Approx. Retail

Africa 356 47.00

Americas 439 131.00

Asia 842 235.00

Europe 1151 142.00

Oceania 233 189.00

Total 3021 \$744.00

Of these 1044 were ordinary
postage, 1152 were commemora-
tives, 392 were airmails, 214 were
semi-postals, and the balance of
219 were postage dues, special
deliveries and other misc. cate-
gories. Only 471 of these stamps
were overprinted items—the low-
est percentage since before the
war.

The British Empire again led
by far both in total number of
stamps issued and in the highest
face value. Eliminating the Do-
minions and other self governing
units, the Crown Colony unit is-
sued more stamps than any coun-
try or related group of countries.
Russia was next with 142 stamps,
followed by Germany (Allied
Zones) with 135.

The high value of the new
stamps for Asia resulted from the
high face values up to 25 Rupees
in India and the many \$5 sets for
each state in Malaya. A good
part of the value of the Oceania
group is to be found in the \$5 to
\$10, and \$25 postal fiscals of
Samoa.

If you eliminate some of the
high face value British stamps
the cost of all new issues for the
year was about the same as it was
annually before the war, and a
complete world collection of all
new stamps is by no means an
unreasonable project.

BY CARL P. RUETH

While you who read this column know that I do not think too much of the subject commemorated on the recently issued Gompers stamp, that has nothing to do with the fact that I consider it one of the best two in the Famous American format since the issuance of the original series of 35 stamps back in 1940.

In the FA style have been stamps for Edison, Carver, White, Stone, Rogers, Harris, Poe and now Gompers.

Unexplained to date is why the designer garnished the right shoulder of this "great champion of labor" with a sprig of poison ivy, and put cracks in the base of the column on the left.

He must feel like some of the rest of us, hoping that either the poison ivy or the collapse of the stone column will take care of the character pictured.

1. What portion of the Gettysburg Address appeared on that commem issued in 1948? Careful!
2. What stamp pictured a state seal in which were the words "Equal Rights", "Live Stock", "Mines", "Grain", and "Oil"?

Well, it's in the bag, the stamp to honor the Boy Scouts of America. PMG Donaldson and his staff have as yet not released an official pronouncement about it, but the design is completed and the date set.

According to my Washington source, the first day is to be on June 30 at Valley Forge, Pennsylvania where the Scouts will have a national jamboree from June 30 to July 6.

Understand that besides the usual array of cachets produced by the commercial cover firms who generally come up with an attractive piece of art, the Boy Scouts of America organization is planning one of its own. Details are as yet not worked out on that though.

Commemorative stamps for organizations such as the Scouts are desirable and will find few objectors among the citizenry generally.

For many years now, even before the war, the POD has "threatened" to issue a new series of stamped envelopes. It has been postponed for various reasons in the past, but apparently the Department has run out of reasons or envelopes for it now looks as if the series will be issued in 1950.

I have a hunch that when it is released that it will make some new stamped envelope collectors, maybe a lot of them.

Collecting tastes seem to run in cycles of popularity. It wouldn't be too surprising to the old timers to find that "accumulating" the "cut squares" was a red hot subject twelve months from now.

(Cut squares is the name given to the imprinted envelope stamps which have been cut from entire envelopes and which have a generous margin of the paper on all four sides of the stamps. The shape cut is square even though the stamp itself might be oval or irregular in format.)

Collectors who investigate envelope stamp collecting will find that there is an abundance of catalog and reference material on the subject.

The Scott Specialized catalog has devoted a number of pages to the description of the dies and their varieties as well as the different kinds of paper on which the stamps have appeared.

Envelope stamp collectors generally are satisfied to have the cut squares only, except for rarities or special items. Then they keep the "entire" (a term denoting the whole envelope).

Jerry Jarnick of Almond, Wisconsin states that their post office has one of the old hand driven Columbia automatic cancelling machines. Is so decrepit, that the clerks prefer to hand cancel the mail rather than use it.

He sent me an impression of it on an envelope, and I can see why the need is for a new machine and die.

A rather unusual point about

the servicing of the first day covers was brought up by a reader.

He states, correctly, that the Post Office Department will not handle more than ten first day covers for any one collector. So how, he wants to know, do the first day covers dealers get away with having thousands of them serviced.

It just so happens that the Post Office of the first day city does not service the thousands of covers for the first day cover dealers.

They have to service their own! That means that they have to be in the first day city on the first day, mostly a day or so before to get organized, so that they can buy their stamps right off in the morning.

The stamps are then taken to a room where the dealer has from five to twenty-five temporary employees who affix the stamps on the addressed envelopes he has ready with the names of his customers on them.

As a batch of the covers is completed, he takes it to the post office for the first day cancellation.

Putting stamps on covers sounds like a nice easy job, but try it on several hundred some time. And remember that the dealer's covers must have the stamps affixed neatly and fully. Even tearing the sheets apart is a man sized job.

So you see, the dealer's lot in first day cover life is not all gravy. He's got his troubles and problems like any one else in business, and he needs skill and ingenuity to overcome them.

THANKS FOR THE COVERS

DEPT.: Stanley Hill, Riverside, Canada; Erwin Combs, Miami, Florida; Fred W. Johnson, Washington, D. C.; Forrest E. Cook, Grasslake, Mich.; Thorsten Ingeloff, Karlstad, Sweden; Martin S. Day, Hyattsville, Md.

The thing that many of the hobby's gray beards knew would happen, and actually is happening, is now going on at a faster pace each day.

It is the many "investors" or collectors who bought full sheets of commemor over the past six months to ten years who now want to liquidate what they have. They are getting quite a surprise.

They find that in nearly all cases, they are lucky to get face value for most of the stamps they have, and in about half the tries they make to sell their stuff, no one is interested except at a discount.

It's sort of a rude awakening to find that a 3c stamp is not always readily negotiable at 3c.

It is possible to invest in stamps, and make some profit, but with several exceptions, it is not possible to do it figuratively overnight.

Those sheets and other items which you bought for investment, treat them as such. Wrap them well against dirt and moisture and other damaging factors and then store them safely away for twenty years or more.

Just about that time, another inflationary cycle will be with us such as during the past war and post war period when folks have more money than they need for living expenses, and are willing to throw it around to some extent.

Then is when you can sell what you have at a fair profit. You won't get rich off the deals you make, but it will be more than the face value of the stamps.

Invest if you will, but be sensible about the matter.

And do get your votes for the three most attractive stamps for 1949 in the mail, please.

1. "That government of the people, by the people, for the people, shall not perish from the earth."
2. The Wyoming Statehood stamp of 1940.

Auction World's Best Collection Of Mexico

The finest collection of Mexican stamps in the world, filling 140 albums, has arrived in New York to be sold by Harmer, Rooke & Co.

It is part of the outstanding collection, or rather group of collections, formed by the late Oscar A. Schenck, Columbus, Ohio banker. This entire philatelic holding is expected to realize about \$250,000, according to Gordon Harmer, head of Harmer Rooke, which is handling the sale of all the Schenck stamps.

Through a lifetime of collecting, Mr. Schenck's passion for the stamps of Mexico never flagged.

"The Schenck Mexico is one of the finest specialized collections of any country in existence," said Mr. Harmer. "Its completeness is almost unbelievable, and practically every item is in extraordinary fine condition. It is rich in unique pieces, and some idea of its importance can be gained from the fact that the first issue alone catalogues \$70,000. The total catalogue value of the basic stamps in this Mexico collection probably exceeds a quarter of a million dollars."

Several other superb specialized collections are in the Schenck estate.

The United States includes a superb lot of 1847 5c and 10c on and off cover (also a 10c bisect) the 5c and 10c large die proofs, two 1851 12c bisects on cover, combination covers, patriotic cancellations, Pan-American inverted centers, Blue Papers, airmails including sheets of the first issue and zeppelin covers, a wonderful collection of locals on cover, a magnificent lot of Confederate States, one of the two known Portsmouth, Ohio, covers, and an amazing array of 19th and 20th century wholesale material.

The France and Spain collections are exceptionally fine. In the Spanish albums, the first issue is complete in immaculate mint state. German States and other European countries are well represented, with many of the early issues on cover.

There are many fine early British Colonies, with specialized collections of Bahamas, Canada, Cape of Good Hope, Ceylon, etc.

"We are hoping," said Mr. Harmer, "that a buyer may be found who will take the Mexican collection intact. Once dispersed, it is certain that such a collection could never be formed again."

"The Schenck collection is undoubtedly one of the most important to come on the market in recent years. It ranks in value with the Reford British North American collection, which is also being sold by Harmer Rooke."

Vacationing Subscriber Visits Office Of Linn's

Passing through Sidney on the first leg of what should be an interesting trip was William Vasko and his wife of Swanton, Ohio.

Mr. Vasko stopped for a short visit in the offices of Linn's Weekly Stamp News where as might be expected stamps was the prime subject of discussion. Mr. Vasko has been a subscriber for a number of years.

The Vaskos are on an extended trip which will take them south to New Orleans and west to Arizona.

POSTAGE STAMP PARADE

LARRY BORENSTEIN
706 Royal St. New Orleans, La.

CHILE: The UPU commemorative set has been received. The postage set consists of a 60c lake and a 2 1/2 peso indigo portraying Heinrich von Stephan, originator of the UPU.

The airmail set consists of a 5 peso green and a 10 peso chocolate brown showing a four motor plane with a globe in the background. All together, they are an attractive set of stamps.

CZECHOSLOVAKIA: The new values have been received honoring Smetana. These are a 1.50 Kcs. green and a 5 Kcs. blue. They are printed on cream paper.

FINLAND: Six new values have been added to the regular issue. These are 8m bright yellow green, 9m red orange, 10m violet brown, 12m bright red, 15m red violet and 30m blue.

JUGOSLAVIA: A three value set commemorating youth activities has been received. A 2din Prussian blue shows a group of young workers. The 3din lake shows an automobile, an outlined map, a bridge and a coat of arms. The 5din blue shows a young man with his arm uplifted and a flag is seen in the background.

KOREA: This country has done a little double dipping in regards to celebrating the UPU. As you know, they have already issued a single bi-colored commemorative marking the 75th anniversary of the UPU.

They now follow this up with a two value set honoring the 50th anniversary of Korea's participation in the UPU.

Denominations are 15w green and 65w red brown. The upper label contains a full explanation in Korean. The design shows two horses racing superimposed on a globe against a background of vertical lines.

Stamps are printed on granite paper.

LIECHTENSTEIN: A three value series picturing wild animals is to be released in February. These are to be similar in style

PHILIP L. WHITE

RUSSIA: A two value commemorative series just received consists of a 40k rose red and 50k blue showing a workman holding a flag reaching out across the globe toward a crouching figure.

All of the lettering on the stamp is in Russian with the exception of one banner which reads "For Peace," but we think this is due to Joe Stalin's faulty knowledge of the language and is a misspelling of "For Piece", because it appears as if the Russian comrade is reaching out for a piece of the world.

RUSSIA: A two value set bearing the dates "1939-1949" marks the 10th anniversary of something or other. There is a 40k orange and a 50k red. Both stamps show a group of workers under a banner and the banner has on it profiles of Stalin and Lenin. However, the two designs are entirely different.

MACAO: A single pictorial in blue and ultramarine shows a view of Porta de Cerco. Face value is 1 pataca.

PERSIA: Two new values have been added to the recent pictorial set. Denominations are 2 1/2r bright blue and slate blue and 3r purple and yellow orange.

PERU: The color change in the two regular postage issues shows the government palace at Lima in bright ultramarine.

PERU: A 3c postal tax stamp for National Education has been received. The color is in a deep reddish brown and shows a seated female figure reading a book by a lamp held in her arm.

POLAND: A new 15z gray violet commemorative shows Mickiewicz and Pushkin.

RUSSIA: A six value commemorative set just received honors the 25th anniversary of something or other. The 20k blue shows the front elevation of an imposing building, the 25k slate shows another edifice. There are two 40k values—one in purple showing street cars or trolley buses, and another in orange showing a building, a statue and an automobile. Showing a dam, a map, and a woman in peasant costume and a 2 ruble brown showing a bridge over a river.

RUSSIA: A five value commemorative set just received shows Russian improvements of the last 20 years.

There is a 20k blue showing trucks going toward a factory, a 25k yellow green shows an irrigation canal, a 40k red orange shows a modern building. The 50k purple shows another group of buildings and the 1 ruble black shows the same building on the 40k.

CLEVELAND ROUNDUP

In connection with the Garfield-Perry show at Cleveland, precancel collectors will as in years past have a room for their own trading and selling on Sunday the 19th of March. The show this year is at the ALLERTON HOTEL. The precancel room will open at 10:00 a. m. Collectors are urged to attend.

CONSOLIDATION

The biggest news in the Precancel Field broke recently when it was announced that the Forum and Optimist had consolidated. Adolph Gunesch owner of the Optimist turned over to the publisher of the Forum his entire list of subscribers which with the list of the Forum that included all PSS members makes the new Forum a paper with the largest circulation in the history of Precancels.

The January issue has appeared and it is quite nice, has over fifty pages including the covers. The "eggs now are all in one basket" and with common sense and the application of the Golden rule the Precancel Fraternity should make rapid strides in the ensuing years.

Blizil Speaks On Czech Stamps To Museum Guests

Monday February 6 was Czechoslovak night at the Philatelic Museum in Philadelphia. For a few hours, it was hardly possible for the guests in attendance to be sure that they actually weren't in that European country.

Even a bevy of pretty girls in Czech national costumes was on hand to lend color and authenticity to the affair.

Featured during the day and evening were exhibits of Stamps and Literature and Lectures of and about Czechoslovakia.

Topping the day of festivities was the dinner at 6 p. m. at the MLA club where George A. Blizil, guest of honor, spoke about one of his favorite topics, the Stamps of Czechoslovakia.

Mr. Blizil is the president of both the National Czechoslovak Philatelic Society of North America, and the Garfield-Perry Stamp Club of Cleveland, Ohio.

Stork Fills Dealers Want List

W. Clatterbuck, Akron, Ohio dealer added new help to the business but it won't be seasoned and ready to go for a number of years yet.

The help in the form of Bruce David was born to the Clatterbucks on January 27. He weighed in as a middleweight at 5 pounds 9 1/2 ounces. That makes a family of two boys.

Mr. Clatterbuck who operates from Box 1329, Akron 9, Ohio carries a nice line of stamps, covers, albums and accessories. He regrets any delays in the filling of orders and will be even with the board when this appears.

New Officers Elected By Tennessee Society

In the recent election of officers for the Nashville Philatelic Society, W. C. Irvine was re-elected president and will be assisted in 1950 by the following slate: vice president Kenneth Hinson, secretary K. F. Johannes and treasurer Charles S. Ladd.

These officers will be installed at the Society's annual banquet on March 25.

Plans are already under way for a stamp exhibition to be held in connection with the banquet and to run through March 25 and 26.

Polonus Will Stage Annual "Polpex" In March

Eleventh annual exhibition of the Polonus Philatelic Society of Chicago, "POLPEX 1950," is scheduled for March 3, 4 and 5 at the Polish Falcon Hall, 1062 N. Ashland Ave., Chicago, scene of previous shows.

Chairman of POLPEX is Larry Zieler, 3120 S. May St., Chicago 8, Ill.

Only members of the society will be permitted to exhibit and compete for the many substantial awards, medals and trophies offered in the yearly competitions.

While the society members are for the main part interested in the stamps and other philatelic material of Poland, the show will not be confined to Polish stamps.

Displays will cover a wide range of the past and present postal emissions of the world.

Past shows of Polonus have been one of the highlights of the Chicago philatelic season and are well attended.

Mint Sheets, Plate Blocks Stolen In Chicago

Dealers and collectors are asked to be on the watch for a lot of stamps which was stolen from the home of Del Des Marais, 429 1/2 Belden Ave., Chicago, Ill.

Included in the loot was a quantity of United States mint sheets of commems and approximately 200 to 300 plate blocks of each issue since the Iwo Jima stamp. Also three sheets of Canada's Princess Elizabeth stamp and stamps of Haiti contained in a black album.

Anyone being offered material of the above description under suspicious circumstances should contact Mr. Des Marais at once.

Annual Easter Seal Sale Is Opened

Easter Seals, the miniature posters that are the principal means of support for hundreds of services in behalf of America's 28,000,000 handicapped children and adults, will be distributed by the National Society through its more than 2,000 state and local affiliates in the 48 states, District of Columbia, Hawaii and Alaska during the 17th annual campaign this year from March 9 to April 9.

The 1950 Easter Seal symbolizes the conquest of a handicap by a child and shows a small boy abandoning his crutches and starting to walk, his face upturned and smiling. The boy is wearing shorts and a "T" shirt against a foreground of medium magenta and a background of pastel green. It bears the slogan "Help Crippled Children" and the year "1950."

The seal is nearly an inch in height and a little more than three-fourths of an inch in width.

Ardy Kazarosian, 17, of Detroit, Mich., designed the 1950 Easter Seal which was selected in nationwide competition sponsored by the National Society.

The first Easter Seal campaign was held in 1934. Copies of this Seal have become scarce and are now valued at \$9 a sheet. This Seal, which portrays a crippled child framed by a white cross on an orange field, was designed by the late J. H. Donahey, cartoonist of the Cleveland Plain Dealer. Donahey, who also designed the 1935 and 1936 seals, said that the simplicity of the design symbolized the crippled child by simply asking for the right to live a normal life.

On sheets of the 1950 Easter Seal, the printer's mark appears on the 55th Seal and the union label will appear to the right in the perforated margin at the bottom. Progressive color proofs are available.

Past issues of Easter Seals may be obtained from the Easter Seal Service, National Society for Crippled Children and Adults, Inc., 11 S. LaSalle Street, Chicago 3, Ill., and from many stamp dealers throughout the nation. Sets of Seals in blocks of 4, 6 and full sheets with perforations are available. Progressive color proofs for all years except 1934 and 1949 can be secured.

"Story of the Easter Seal", a full color leaflet listing all the Easter Seals with full information about them as well as the history of the Easter Seal campaign is available for 10 cents from the National Society.

New Stamp Club In New York's Finger Lake Region

Stamp collectors in the Finger Lakes region of New York should be interested and pleased to learn that a stamp club was recently formed in Geneva, New York.

It will be known as the Finger Lakes Stamp Club. Present plans call for a regular meeting the fourth Wednesday of each month at the Civic Center in Geneva.

Next meeting will be held there on February 22.

Officers were elected in January. William Fritsche was elected president, Mrs. C. J. Newton treasurer and Alex J. Roche, 10 Elm St., Geneva, N. Y. secretary.

First Two Days of April For Canton Exhibition

On April 1 and 2 the members of the McKinley Stamp Club are going to stage their 19th annual exhibition, bourse and auction at the Onesto Hotel in Canton, Ohio.

Approximately 100 frames of material has been pledged for exhibition with a coverage of most countries and phases of collecting.

Dealers who might be interested in space on the bourse should send their inquiries to R. H. Erlanger, 2129 Spring Ave., N. E. Canton, Ohio.

Regular meetings of the club are held on the first and third Fridays in the lounge room of the YMCA. Visitors are welcome.

Specialist Fare In New Billig Handbooks

Two new books have been published for the avid specialists by Fritz Billig 168-39 Highland Ave., Jamaica 3, N. Y.

One is a detailed and well documented work from the pen of F. Hugh Vallancey of Great Britain titled, "British Postmarks," with special reference to the 1844 and subsequent numbered obliterations.

The other is a 40 page book, "France, Plating the 20 Centimes Blue Issue of 1863," consisting of nothing but pictures by General G. Dumont.

The former book as do practically all of the Billig books, carries a world of information which it is not possible to find in so compact a form anywhere else. Not only are the various postmarks and cancellations identified but many of them are illustrated to depict the types under consideration.

Without a specialized knowledge of the stamp, the second book on the 20 Centimes of 1863 of France, will hardly be of any use to the average collector.

The British Postmarks, which is Volume 9 of Billig's Handbooks on Postmarks sells at \$2.50. The book on the 20c 1863 of France sells at \$2.00 and is Volume 5 of the Billig Specialized Catalogs. Both are available from Mr. Billig at the address above.

Prominent Canadian Dealer Will Speak

Featured speaker at a meeting which will be entirely devoted to the consideration of the stamps of British America is James N. Sissons of Toronto, Canada.

The meeting will be held by the Waterbury Stamp Club on February 27 at the First Baptist Church in Waterbury, Conn.

Activities will get under way at 7 p. m. when the ladies of the church will serve dinner to those assembled.

Reservations for the dinner should be made with Oren Maxim, 61 Morningside Ave., Waterbury, Conn. by February 13.

Specialized Catalog For Holland, Colonies

Collectors of the stamps of Holland and Colonies have a specialized catalog of these issues at their disposal, the "Speciale Catalogus van de Postzegels van Nederland en de Overzee Gebiedsdelen." The 1950 edition of this book is for sale at one dollar from Jacob Habib, 1407 Sheridan Ave., Bronx 56, N. Y.

Published by the Netherlands Stamp Dealers Association, the catalog is the leading publication

for the collectors of Netherlands and Colonies.

Included in the information is the date of issue of the stamps, the date of withdrawal, plate numbers, quantities, engravers and designers as well as the usual recording of varieties.

There is an adequate number of illustrations in the 300 pages of the book.

Biggest drawback to its use is the Dutch language in which it is written. But this handicap can be overcome to a great extent if the book is used in conjunction with the Scott Catalog.

Pages are all of the 8 1/2 x 11 inch size, punched with three holes to fit standard three ring binder of that size. Paper used in these pages is a 28 pound ledger, a heavy paper of substantial quality. Many pages are prepared for both single copies and for blocks of four.

We print each year, supplemental pages for all stamps of the previous year, thus making it possible that you can always keep your album up to date.

In addition we also offer four types of blank pages to match up with these pages. The blank pages bear a heading and foot marking to match with the printed pages. We offer pages with printed heading for Commemorative Stamps for United States Postage Stamps, for Air Mail Stamps and also a page with blank heading that may be used for any other issues. We also have a quadrille page of the same kind of paper to match with these pages.
